

## Expert Project Support

### *Do you need a dedicated project management expert?*

As a busy manager, you are always fully committed implementing various critical Projects, otherwise known as Programs, Initiatives, Engagements, Assignments, Ventures etc.

Depending on the stage of development of any particular project, the work may or may not yet be fully defined. This means that you can delegate sooner and with less management overhead if you have access to a seasoned Project Management Expert.

Dr Ó Conchúir is such an expert, with over four decades of global project experience, in a range of sectors including: Financial Services, Pharmaceuticals, Manufacturing, Automotive, Energy, Telecommunications, Construction, Food & Drink, Healthcare and 3rd Level Education etc.

*Dr. Deasún Ó Conchúir  
CEng FIEI FIET PMP*

By assigning him to your work for a specific number of days / month, you will benefit from his expertise and also be able to handle more project work with the same personal effort.

### *Included in the Flat Rate:*

- **Work dedicated to your project** according to the service level.
- **Project Hotline calls** (reasonable use).

The number of **working days per month** is averaged over the duration of the contract and invoiced at the flat rate. This allows for peaks and troughs during the engagement without monthly invoice adjustments, while minimising your effort for tracking and billing.

**The Project Hotline service is provided to the nominated person only.** This and the service level may be adjusted at the end of a calendar month, with at least one month's notice.

Telecommunications charges are carried by the client (i.e. you call or use video conference).

Invoicing (+ VAT at the appropriate rate) at the beginning of the month, with payment period of 2 weeks. Additional expenses such material purchases, software licences, travel & subsistence etc. will be invoiced in the following month.

### *Queries?*

Call me on +41 79 692 4735 or mail me at [deasun@scatterwork.com](mailto:deasun@scatterwork.com).

## Expert Project Support: Order confirmation
